TEXAS TECH TRACK AND FIELD

Over the last nine years Texas Tech track and field has been built into one of the nation's premier programs. Tech has produced seven national champions, 133 All-Americans and 29 Big 12 champions in the last nine years. The program had its greatest year in Tech history as 31 athletes competed at the NCAA Championships, the most of any program in the country in 2005, and the men won the Big 12 Championship. The rise of six-time national champion Sally Kipyego currently highlights what has the potential to be another banner year for the Texas Tech track and field program.
