Send Holiday Cards with Hope and Miracles This Holiday Season

Young Patients Design Meaningful Cards

Art has the power to help heal. For hospitalized children, art can be a way to express their hopes and their joys. Visions of the holiday season created by patients at Mattel Children's Hospital UCLA adorn the 2008 Holiday Card and Gift Tag special collections. Also offered is a collector's Barbie Holiday Card provided by Mattel, Inc.

By purchasing a set of cards, you help young patients at Mattel Children's Hospital UCLA in many ways. Proceeds from sales benefit the Child Life/Child Development Program, whose specialists work with hospitalized children to help ease their anxieties and fears.

Choose a message or customize your own. With some selections, you can even upload a digital photograph to create a truly unique care. Cards are 5 X 7 inches and include white envelopes. Gift tags are 3 X 3 inches with a pre-punched hole for a ribbon.

Easy, online ordering allows you to get exactly what you want! Go to www.castlepress.net/mattelgreetings

Keep in touch this holiday season by sending a message of hope and healing while making a difference in a seriously ill child's life.
