MOBILE COACH

## FAQ's

### **How do I Register/Sign Up for Team USA Mobile Coach?**

- Go to [MobileCoach.Teamusa.org](http://MobileCoach.Teamusa.org) and click the Register button on the bottom left hand side of the screen.

### **How do I get Team USA Mobile Coach on my Phone or Tablet?**

- Start by setting up an account online at [MobileCoach.TeamUsa.org](http://MobileCoach.TeamUsa.org) first. Then download the app on the App Store or Droid Market by searching Team USA Mobile Coach. Use your registration username and password to activate the app and gain access.

### **Why do I have to register on a desktop computer before I use the Mobile App?**

- The Mobile Coach is a membership benefit for the National Governing Body of the Sport. In order to ensure that you are a current member, a validation is performed on the initial set-up. Each time you log in after that, the validation is performed in the background, but does not require the initial set up to make it happen.

### **What devices will Mobile Coach work on?**

- Mobile Coach was developed to work on any iOS (Apple) or Android based operating system. As with any technology you should always try to use the latest version of the operating system available for the device to ensure optimal performance of the app.

### **I lost or do not remember my password to mobile coach?**

- Go to the desktop at [MobileCoach.TeamUSA.org](http://MobileCoach.TeamUSA.org) and click to Reset Password button on the left hand column. An email will be sent to your registered email to reset.
