THE SERIES.....	Weber State leads, 2-1-0
IN OREM.....	0-1-0
LAST MEETING.....	Weber State won, 1-0

### EXHIBITION SEASON STARTS

Utah Valley kicks off its 2007 season as the Wolverines welcome Weber State to Orem for a season-opening exhibition game. UV will be looking to improve upon its 7-10-2 record from a year ago. This year marks the second consecutive year the Wolverines and Wildcats have met early in exhibition play. Utah Valley will bring to the field a new-look squad with 12 freshmen and 14 playing in their first seasons as Wolverines.

### SERIES RECAP

Weber State owns a 2-1-0 record against Utah Valley. The two teams faced off in exhibition play last year with the Wildcats taking a 3-1 win in Ogden. The two teams have faced off just once in Orem with Weber State winning 1-0 in August 2005.

The Wolverines only win came in their first Division I season when they beat Weber State 1-0 in Ogden. In the four previous games against Weber State (last year's exhibition game included) UV has scored more than one goal only once, a 5-2 defeat in 2004.

### YOUNG GUNS

When Utah Valley takes the field this season, many of the Wolverines will be playing in their first Division I game. UV's roster features 10 true freshmen, two redshirt freshmen and two junior transfers. Also included will be three walk-ons, including two freshmen and one junior.

### ANDERSON ON WEBER STATE

"Tim Crompton [Weber State's head coach] is a very good coach. His teams are always well prepared and organized. Weber State has great team speed and strength. This will be a good matchup for us to see where we are at this point of the preseason."

## RECORD WATCH

Junior forward/midfielder Jenni Clough enters the season needing just two goals to set the all-time record for goals in a season (13, currently held by Carolyn Theurer). Clough scored 10 goals as a true freshman in 2005 before scoring two last season. She also scored a goal in the shootout with South Dakota State in the USC Tournament last season but, due to NCAA scoring rules, shootout statistics do not count towards individual or team season stats.

Clough also has 32 career points and needs just six to surpass Theurer for the career school record (37).

## FIELD RENOVATION

The Utah Valley athletic department is upgrading its women's soccer facility. Once completed, the home field for the women's soccer team will include increased seating, lighting, a level playing field with new sod and an improved drainage system.

The renovations have Utah Valley soccer coach Brent Anderson and his players excited about the upcoming season.

"The girls are very excited," Anderson said. "I sent the players a text message this morning to let them know work has started on the field and they all responded with great excitement. This is a positive step in building our program. The field will have a great look to it and it will continue to be a great place to have our home field."

Since Utah Valley sanctioned women's soccer in 2002, the Wolverines home field has had a seating capacity of 500.

The field was leveled and new sod and the drainage system were added during the summer months and the field is ready for UV games to be played on the new surface. Also added was a concrete sidewalk along the west side of the field.

The increased seating and light projects are still ongoing and not expected to be finished during the 2006 season.

## LAST SEASON VS. WEBER STATE

The Utah Valley State soccer team lost a 3-1 exhibition game to Weber State on Thursday. Weber State led 1-0 at half time and added two goals in the second half before the Wolverines were able to score their goal in the final minute of the game.

"I am happy with the effort in the second half," Utah Valley State coach Brent Anderson said. "We just have to come out prepared to play. In the second half we started to get players forward and that shows by the goal we got late in the game."

Weber State scored its first goal in the 11 th minute of the game. Its two second half goals came in the 50 th and 60 th minutes. Weber State out shot UV 22-6 for the game.

Courtney Robbins scored the Wolverines goal in the final 30 seconds of the game on a rebound shot that was taken by Mallory Schott.

"We kept fighting until the end and that is evident by our goal we got late," Anderson said.

## HEAD COACH BRENT ANDERSON

Brent Anderson enters his second year as the second head coach of the Utah Valley women's soccer program.

In his first season leading Utah Valley, Anderson's Wolverines posted a 7-11-1 record, the team's best winning percentage since its first Division I season (2003) when UV faced off against several non-Division I opponents.

The 2006 squad faced arguably its toughest schedule in program history. Even with the competitive schedule, which included a game against No. 24 Loyola Marymount, the Wolverines had their best defensive season in the program's four-year history. UV surrendered just 32 goals on the season or 1.68 goals per game, both school records.

Anderson stresses overall discipline on and off the field. He teaches the importance of practicing hard, being disciplined in all workouts and being a successful, disciplined student.

Anderson comes to Utah Valley with solid credentials. Before coming to the Orem campus he was an assistant coach at Utah State for eight years. Anderson helped guide USU to its most successful season in 2003. That year, the Aggies finished 10-7-2. While coaching at Utah State, Anderson was the Director of Coaches for the Valencia Futbol Club, one of the state's premier club teams located in Cache Valley.

Anderson holds a United States Soccer Federation National "B" Coaching License. To gain the prestigious license, Anderson has worked out with the United States national team's coaching staff in several rigorous sessions before passing certified coaching tests administered by the coaches.

Since 2002, Anderson has worked with the Utah state Olympic Development Program (ODP). He trains with and coaches young soccer players who aspire to play for the United States National team.

He has also worked with numerous other clubs throughout the state of Utah. Currently, Anderson is an assistant coach of two of Utah Valley's Celtic Storm club teams. Anderson helped lead the U-18 team to a second-place finish in state competition and a quarterfinal appearance at Regionals in Las Vegas.

Prior to his coaching career, Anderson played club soccer at Utah State for four years. He was a four-year starter and team captain in 1996 and 1997 as a goal keeper.

Anderson was named First-Team All-Region National College Soccer Association (NCSA) in 1997. In the NCSA, he played against teams such as Arizona, Michigan, Tennessee and Kansas State. As team captain, he led the Utah State club team to the NCSA Final Four in 1997.

After finishing his playing career, Anderson started the Cadence Soccer Shop in Cache Valley. He ran clinics and held leagues with the business from 1996 to 2000. In 1998, Anderson opened Ultimate Sports, an Indoor Soccer Facility located in Hyde Park, Utah. He worked as the director of operations, the director of player development and the head coach of several club teams while running the business.

Anderson is a native of Logan, Utah. When Anderson is not coaching soccer he enjoys spending time with his family, snowboarding, skateboarding and playing indoor soccer with his family and friends. Anderson and his wife Kathy have three kids: Tennessee, Easton and Kaiya.
