## Washington Tennis Camps

Sign up now for top-flight instruction from University of Washington Men's and Women's Tennis Coaches. The coaches have numerous years of experience. The staff will be comprised of exceptional staff members including local teaching professionals and college players. Washington Tennis Camp prides itself in offering an excellent camper-to-coach ratio, typically one experienced teacher for every 6 campers. Students have the opportunity to hit hundreds of shots in supervised drill sequences, utilizing ball machines and fun game settings.

At the Washington Tennis Camp, campers will learn the basic strokes and strategy appropriate to their level and development. The many drills and game-like situations will improve tennis skills, reflexes and conditioning. Previous camps have been successful in improving players of every level, and in inspiring many toward successful high school tennis experiences. Students are grouped by age and ability level (beginner through advanced) to provide a great mix of fun, challenge and improvement. Monster Camps are designed for kids age 9 and older who have some playing experience.

## Location

The Washington Tennis Camp will use the six indoor tennis courts in the award winning Lloyd Nordstrom Tennis Center located behind the Alaska Airlines Arena on Montlake Blvd. (just north of Husky Stadium) on the UW campus.

## Schedule

| <u>Day Camps</u>            | <u>Times</u> | <u>Abilities</u>                         |
