

2008 UW-Green Bay Phoenix Swimming Developmental Clinic  
For Age Group Swimming

The UW-Green Bay swimming staff is offering an opportunity for young swimmers, ages 9-13, to work with Head Coach Jim Merner, Assistant Coach Molly Cox, and members of the men's and women's swimming team. Because of increased demand from this camp last year, we will be offering two sessions of this camp. The first session will run from **April 14-17**. The second camp will be **April 21-24**. Each day's session will run from 5-7 p.m. All the strokes will be taught through a series of progressions and each day a strong emphasis will be placed on **starts and turns**. There will be a generous amount of feedback given to each individual as each group will have their own coach. Suits, caps, and goggles are all that you will need.

The cost of this clinic is \$55 and prepayment is necessary for your son or daughter to be enrolled in the camp. I hope that you will take this opportunity and join the staff of UW-Green Bay as we look forward to working with our area's younger swimmers. Please enroll early as space will be limited to the first 48 swimmers.

*Note: These camps are set up the same; we are just offering two different timing opportunities.*

Contact and mailing for this camp is:
