

2017 & 2018

SEASON TICKET
INFORMATION

A NEW BEGINNING

In 1930, Knute Rockne's vision for Notre Dame Stadium was complete and this iconic venue has remained home to the Fighting Irish for the past 87 seasons providing numerous championship moments and gridiron heroes.

Fast forward to 2017 as the largest building project in University history transforms Notre Dame Stadium and the football game day experience. In addition to the 750,000 square feet of teaching, research and performance space, several new fan amenities have been created from this historic renovation and new construction endeavor.

College football's greatest fans will be able to follow the action more closely with the addition of a state-of-the-art videoboard. Other improvements include renovated restrooms and concourses, new and wider seats, and in-venue connectivity.

Notre Dame Athletics is also pleased to offer many exclusive benefits to our season ticket members that are highlighted within this brochure. We sincerely appreciate the continued and loyal support and look forward to seeing our fans at Notre Dame Stadium this fall.

“ JUST AS WE HAVE TAKEN GREAT PAINS THROUGH THIS RENOVATION PROCESS TO PRESERVE THE STADIUM BOWL THAT ROCKNE BUILT, WE HAVE BEEN EQUALLY DILIGENT IN PROTECTING HIS COMMITMENT TO MAKING SURE THAT NOTRE DAME FOOTBALL COULD BE ENJOYED BY EVERYONE. ”

FREQUENTLY ASKED QUESTIONS

Will there be changes to season parking passes?

The ongoing growth of the campus makes it inevitable that the size and number of available spaces will continue to be impacted. Among the specific changes fans can anticipate are:

- White Field parking will now be included as a free benefit for season ticket members.
- An online selection process will facilitate the ability to select your preferred lot, subject to availability.
- A new reserved space parking pilot program will be instituted. In this program a designated number of spaces will be numbered and held for the pass holder with the corresponding numbered pass.
- Zipper parking will continue to be used to ensure safe and efficient parking on game day.

Is there an opportunity to change my seat location or add seats?

Yes. In March of 2017, current season ticket members will have the opportunity to change their seat location and/or add seats using a new online system. This online system will allow season ticket members to view Notre Dame Stadium from their current seats, see other available seats and evaluate various pricing options. New season ticket members should contact a sales representative at 574-631-3500 for available seat locations.

Will there be payment plans available for my tickets?

Yes. There are a variety of payment plans to meet your needs. You will be able to make payments in installments over the course of the Spring and Summer.

If I am a current season ticket member, will my seat locations be affected?

Season ticket members will be able to keep their approximate seat locations unless construction necessitates a move. The increase in width of each seat in the lower bowl combined with the renumbering of the sections and seat numbers may result in minor shifts in location, however most locations will be unaffected. In those limited cases where a more significant move is necessary, the ticket office team will contact each season ticket member and present them with alternatives.

If I do not renew my seats, can I transfer them to a friend or family member?

For 2017 only, season ticket members will be allowed to transfer their season tickets to friends and family members free of charge. After this season, season ticket members will only be eligible to transfer their season tickets if they prepay the annual gift donation for the next 10 year period.
