Introducing THE BRAIN and SPINE HOSPITAL, Fall 2016

More than 50 million people in the United States are affected by disorders of the brain, spine and nervous system. The Brain and Spine Hospital will bring together advanced patient care and pioneering research targeted to the prevention, diagnosis, treatment and cure of neurological diseases. Opening in fall 2016, the hospital will include an innovative acute brain and spinal cord injury care unit and specialized care for any neurological condition.

Neurological Institute by the numbers

14 COLLEGE PARTNERS ACROSS CAMPUS
295 CLINICAL RESEARCH STUDIES
175 PHYSICIANS & RESEARCHERS
180+ RESEARCH GRANTS
230,000+ PATIENT VISITS EACH YEAR
112 TRAINEES

*Ohio State’s Neurological Institute is pioneering new therapies and technologies to diagnose and treat nervous system disorders. We are working to unlock the mysteries of the brain, and the research we are conducting is changing lives.*
